STILL IN THE DARK

Regarding the Movements of General Weyler.

It is Believed in Havana That He Is Carrying Out His Plans.

Last Report Received From the Great Struggle in Cuba.

Havana, Dec. 4. The people of Havana still in the dark as far as the movements of Gen. Weyler are concerned. If the authorities have heard anything definite from him since he went into camp near Los Palacios they are keeping the information to themselves. They state that they are ignorant of his present position but they know he is carrying out in detail the plan of campaign prepared before he left Havana.

Rumors regarding Maceo are numerous, but little attention is paid to them. The only definite news from the province of Pinar del Rio is that the commands of Generals Melquizo and Inclan had encounters with the rebels. The fighting yesterday in the Gobernadora hills was between Gen. Inclan's command and a band of rebels. No details of the engagement are made public and it is not known which side was victorious.

A party of rebels who made an attack on Fort Bazan, province of Santiago de Cuba, were repulsed. They were pursued by local guerillas, who killed a lieutenant and wounded 14. The troops had one officer and four privates wounded.

Col. Torto reports that his command defeated the rebels under Coalli o and other leaders at Mazareno, province of Havana, and the rebels had 23 killed. The Spanish lost six killed and 11 wounded.

The district court of Matanzas has given a decision in the case of Oscar Gemades, an American citizen captured in the field and held as a prisoner of war in San Severino castle, Matanzas. The court holds that he must be handed over to the military tribunal for trial.

LODGES IN THE TOMBS.

Once Wealthy Harlemite Pleaded Not Guilty of Forgery.

New York, Dec. 4. William G. Wood, the once wealthy Harlemite, who was indicted for forgery, was again arraigned today before Judge Newburger in the court of general sessions. He pleaded not guilty and was taken back to the Tombs.

LOSS OF LIFE

On Steam Vessels Decreased in 1896 from 1895.

Washington, Dec. 4. The supervising inspector of steam vessels, Gen. Dumont, reports that during the last year 221 persons lost their lives on steam vessels, out of 600,000,000 passengers carried. This was a decrease in the loss of life of 171 persons from the year before.

A SLIGHT AFFAIR

Was the Threatened Revolution in Uruguay.

Washington, Dec. 4. Consul General Nargundoud, of Uruguay, has received a cablegram from the minister of foreign affairs at Montevideo advising him that the threatened revolution in that country is unimportant.

In the opinion of the consul general the affair is entirely over by this time, for he is confident that otherwise he would have had further advice.

WILLING TO WORK

If They Can Find it to Do in New York.

New York, Dec. 4. Agent Addison G. Jerome of the Charity Organization Society said this evening: "There has never been a time in my recollection when so many strong, able-bodied men were applying for aid. These men who are daily applying are not of the ordinary vagrant class. They are willing and anxious to work, but cannot get work. Many are well informed and intelligent. They all tell one story: Position lost through dull times, inability to get employment, money gone, hungry and cold. It is charity, starvation or crime for them. The city institutions are overcrowded."

BUSINESS FAILURES.

A Big Texas Dealer Files Deed of Trust.

Waco, Tex., Dec. 4. W. E. Dupree, dealer in hardware and implements, filed a deed of trust today. The liabilities will amount to nearly $250,000. In addition to the main house in the city Dupree conducted branch stores at Rosebud, Montcalm and McGregor, all of which are included in deed of trust. The assets are nominally largely in excess of the liabilities.

FINANCIAL AND COMMERCIAL.

RELIEF IN SIX HOURS.

Distressing Kidney and Bladder diseases relieved in six hours by the "NEW GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by J. L. Stevens & Co., Druggists, Bangor, Me.

FIRE RECORD.

Kentucky Town Nearly Wiped Out.

Tompkinsville, Ky., Dec. 4. The town of Flippen, twelve miles west of here, was almost wiped out by fire last night. Loss, $30,000, with little insurance.

RAINES INVESTIGATION.

Witnesses Tell of Conditions in New York City.

New York, Dec. 4. Gen. Emmons Clarke, secretary of the board of health, was the first witness before the Raines investigating committee today. He testified to receiving complaints about several Raines hotels violating health laws. Some of the complaints, he said, were unfounded.

Wm. E. Johnson said by comparing number of arrests for drunkenness during four months in 1896 with the similar number of months in 1895, he found the arrests had decreased 16 per cent.

Police Justice Teale, of Brooklyn, testified that from April to December, 1895, there were 1,361 arrests for intoxication in his district and only 1,035 in the same period of 1896.

Morris Jewlesky, ex-president of the liquor dealers' association, declared that the policy of the Raines law was correct, but some of its provisions were defective. One of the exceptions he took was that it allowed any one to obtain a license. He referred to the outery made by some witnesses against the saloons and said that not one-quarter of the liquor drunk in this city or state was sold in saloons. He declared that there was more liquor sold to-day in groceries, drug stores, big dry goods stores and clubs than in the saloons.

There were plenty of unlicensed persons selling liquor. He believed that an open saloon Sunday would decrease intoxication. Witness said the driest Sunday New York ever experienced was September 1, 1895, which was the day the liquor dealers' association gave its members instructions to close under threat of expulsion. He asserted that the liquor dealers could do more to enforce the law than all the police departments ever organized.

Senator Raines looked astounded at this statement. He said if it was not a bad state of affairs when any organized body of men, whether merchants or liquor dealers, could control the operations of the law.

"I think that our law-abiding liquor dealers are a law-abiding association," replied Mr. Jewlesky.

"Well, when we have to depend upon the liquor dealers to enforce the law, I want to move out of the State," said Senator Raines.

City Magistrate Wentworth, the next witness, thought the term "hotel" should be redefined. He said when asked about discharging a man arrested for violation of the excise law that he was not there to argue the case with Mr. Roosevelt, who made charges on ex parte statements. Witness said he exercised his discretion in dealing with excise violations.

Lawyer H. Digby Johnson said he would substitute the word "guest" for the word "man" and give the meaning of the word "guest" strictly defined.

Lawyer Frankenstein, one of the directors of the Society for the Prevention of Crime, said the Raines law was a good law and a bad law. He thought the election districts should have something to say about the granting of licenses. Mr. Howe said he was strongly of opinion that liquor selling should be prohibited on Sunday. He suggested that no Raines law hotels should be allowed in tenement houses. The witness was of the opinion that drunkenness on Sunday had increased under the Raines law.

Supt. Dennett of the Parkhurst society said there were more street walkers in this city at present than he ever knew before. "Nine-tenths of this street walking want to take you into the Raines hotels," said the witness. Mr. Dennett produced a number of photographs of Raines law hotels. A great number of these hotels, he said, were merely assignation houses.

At this junction the committee adjourned. The next session will be held in Buffalo.

FOR MURDER.

Woman Charged With Poisoning Her Husband.

Buffalo, N. Y., Dec. 4. Mrs. Olive Stern, a woman charged with poisoning her husband, George Stern, in Cayuga, Canada, last August, was this morning filed by U. S. Commissioner Fairchild to await extradition proceedings by the Canadian authorities.

BROKE THROUGH ICE.

Drowning Accident at Palermo, Me.

Liberty, Me., Dec. 4. Walter Norton, of Palermo, a school teacher aged 22, was drowned last night while skating.

CENTRES OF CRIMES.

The Designation of "Raines" Hotels in New York.

New York, Dec. 4. Mayor Strong today received a long communication from the Society for the Prevention of Crime, complaining of the flagrant violation of the excise, building and other laws by keepers of alleged "Raines" hotels.

The communication says these hotels are not only evasions of the law, and palpable frauds on the state, but in many instances centres of crime. The society calls attention to the duties incumbent on the mayor as chief magistrate of the city to enforce the laws, and says it is unfortunate that the Raines law does not more clearly and closely define a hotel and a meal.

Copies of the letter were sent to the excise police and other departments.

TWO MEN DROWNED.

One Tried to Save the Other and was Himself Lost.

Toledo, Ohio, Dec. 4. A special from St. Marys, Ohio, says that Arthur Palmer, of Montezuma, Ohio, and F. L. Godfrey, of Emlenton, Pa., both of men, were drowned in the reservoir there today. Palmer broke through the ice and Godfrey went under while endeavoring to rescue his companion.

PAINTER'S FATAL FALL.

Fell Only Seven Feet but it Caused Death.

Lowell, Mass., Dec. 4. Fred J. Hopkins, a painter, was at work on Whipple street, fell seven feet from a swinging stage this morning and struck on his head. He was taken to the hospital and died in about two hours of concussion of the brain. The deceased was well known in musical circles and leaves a family.

STEAMER ASHORE

And a Schooner Stranded on Friday.

Washington, Dec. 4. The life saving service has received advices that the steamer Walker Arlington went ashore off False Cape, Va., this morning at 5 o'clock. The crew of thirteen were saved in the breeches buoy.

The schooner Hattie Rebecca, of Atlantic City, stranded half a mile north of Atlantic City this morning. The crew were saved.

RAINES LAW

Criticised in a Formal Presentment by Grand Jury.

New York, Dec. 4. The grand jury in a formal presentment handed up today in the court of general sessions, criticises the Raines law. The jury declares that in many cases the evidence against alleged violators of the law is thrown out because the provisions of law regarding hotels are not plainly enough defined, and asserts that the evasions of law have a tendency to bring the execution of criminal law into disrepute.

SHOWERS

And Warmer Today.

U. S. DEPARTMENT OF AGRICULTURE, WEATHER BUREAU. Washington, Dec. 4, 8 P. M.

Indications:

Forecast for Saturday for New England, clear to partly cloudy weather, with local showers, probably slightly colder in southern portion, with fresh southerly winds.

Local Forecast.

Boston, Dec. 4. Local forecast for Saturday: Fair weather with an increasing southerly wind, warmer in the morning, followed by rain in the afternoon.

THREE LIVES LOST

By Railroad Accident on Central Vermont R. R.

Boiler of Engine Exploded and Cars Tore Up the Road Bed.

Three Victims of Disaster Were Train Men—No Others Injured.

Willimantic, Conn., Dec. 4. The New York express freight from Brattleboro to New London was wrecked a mile and a half from Eagleville on the Central Vermont R. R., tonight.

Three members of the train crew lost their lives. Two were from Brattleboro and one from Gouverneur, N. Y. None of the other members of the crew suffered injury. The train broke in two sections, the forward portion leaving the track.

It tore up the road bed and carrying away telephone and telegraph wires. Investigation leaves no room for doubt that the boiler of the engine exploded before the train broke in two.

BLUFF DIDN'T WORK.

Sharkey's Manager Didn't Frighten Bank People and Didn't Get Money.

San Francisco, Dec. 4. Danny Lynch, manager of Battler Sharkey, walked into the Anglo-California bank this forenoon and demanded payment of the $10,000 check. Manager Lilienthal said the check could not be paid owing to the injunction.

Lynch met this with angry words and said if the bank refused to hand over the money he would bring suit and sue for heavy damages. Lilienthal told him to go ahead with his suit. Lynch thereupon left.

The case of Wyatt Earp, who refereed the Fitzsimmons-Sharkey fight and who was arrested last night on charge of carrying a concealed weapon, was called up in the police court this morning and at the request of Earp's attorney the case was continued till Tuesday.

GOLD CONTRACTS.

Bill to Make Them Unlawful Defeated.

Montgomery, Ala., Dec. 4. The bill making it unlawful to make contracts payable in gold, was defeated in the senate today, 20 to 9. The senate is composed of 32 Democrats, ten Populists and one Republican.

A CONTEST ON

For the Office of Congressman.

Philadelphia, Dec. 4. Samuel Hudson, the defeated candidate for Congress on the silver ticket in the third district of this city at the late election, today served notice upon Wm. McAleen (Dem.) the successful candidate, that he would contest his seat. Mr. Hudson charges false registration, use of money and other election abuses. The vote of the district was: Scull, (Dem.) 11,535; Hutchinson (Rep.) 9,656; Hudson (silver) 2,001.

MILLIONS INVOLVED

In Suits Against a Coal Company.

Wilkesbarre, Pa., Dec. 4. The minimum royalty question that has been for so much importance to the coal trade during the past few months is again brought to light by a judgment of over $13,000 confessed and judgment entered today to the estate of John Turner by the Lehigh and Wilkesbarre Coal Co. This matter seems by the recent decision of Judge Woodward in the case of the Wright Bros. vs. the same company, which was affirmed by the supreme court to be beyond the interpretation that the companies have been putting on it.

They took the ground that a lease was a sale and they should not be compelled to pay any of the minimum royalties from year to year, because they had already paid for all the coal under their contract on of the lease.

The suit on which judgment was confessed today is only one of a dozen that are pending and the amounts involved will run up into the millions.

SEVERAL LIVES LOST

In Hurricane on the Grand Banks—Newfoundland Public Debt.

St. Johns, N. F., Dec. 4. Several vessels arrived today in a damaged condition, having been caught in the hurricane which has passed over the banks.

Three men were washed overboard from the schooner Nandy and sank before assistance could reach them. They would probably have been saved had they not been encumbered by their clothing, which was covered with ice.

The purchase of the Newfoundland railway by the government will bring the public debt up to $19,000,000, which is $95 per head of the population.

THE LAUNCHING PARTY

From Newport Arrived at Portland.

Portland, Me., Dec. 4. The Newport party which is to attend the launching of the Gunboat Newport at Bath, tomorrow arrived in this city tonight. The greater part of them remained in Portland over night. Mayor Boyle, Congressman Bull, Miss Frances LaFarge, who will christen the boat, and her brother J. B. Lafarge, went on to Brunswick. There are about 30 in the party here. They will go down to Bath in the morning.

MORAL MEASURES

To be Brought Before Congress at Next Session.

Washington, Dec. 4. If to reform bureau of this city, which originated the Gillett bill, by which at the last session Congress abolished the divorce colonies in the territories, considers the approaching session of Congress especially favorable for moral measures still pending. The measures the bureau is chiefly urging are the Gillett bill to extend to the telegraph the anti-gambling legislation which has been applied to the mails and expresses.

Others are the Broderick bill to raise the age of protection for girls to 18 years in the District of Columbia and territories; the McMillan bill to restore to this District its former law against Sunday traffic, which was invalidated by clerical errors; the Phillips bill to appoint a non-partisan commission for the investigation of the problems of labor and capital, this commission to consist of five farmers, five representatives of labor unions, five manufacturers, five representatives of business professions. The bureau superintendent, Rev. Dr. Wilbur in a tour of many states has secured the endorsement of those bills from large conventions of Endeavorers, the W. C. T. U. and many mass meetings.

Why

Do people buy Hood's Sarsaparilla in preference to any other—is fact almost to the exclusion of all others?

Because

They know from actual use that Hood's is the best, i. e., it cures when others fail. Hood's Sarsaparilla is still made under the personal supervision of the educated pharmacists who originated it.

The question of best is just as positively decided in favor of Hood's as the question of comparative sales.

Another thing: Every advertisement of Hood's Sarsaparilla is true, is honest.

Hoods Sarsaparilla

Is the Best Spring Medicine. Prepared only by C. I. Hood & Co., Lowell, Mass.

WASHINGTON EVS.

Cabinet Meeting and Discussion of Foreign Affairs.

Washington, Dec. 4. To-day's cabinet meeting was attended by all the members except Secretary Lamont and Attorney General Harmon, the former being out of the city and the latter in attendance upon the supreme court. It is understood that such portions of the President's forthcoming message as related to foreign affairs were discussed and financial recommendations considered. The session was rather a protracted one.

Report of Director of Mint.

Washington, Dec. 4. The report of R. E. Preston, director of the mint, shows the operations of the mints and assay offices during the fiscal year 1896, and gives statistics from foreign countries relative to the production of precious metals, coinage and monetary condition of each.

The total coinage of gold and silver by the various countries of the world was: Gold, $231,987,438; silver, $121,610,219. Total, $353,597,657.

The total metal in stock and uncovered paper in the world was estimated Jan. 1, 1896, at $13,038,600,000. The director recommends that authority be given the secretary of the treasury to pay experiments made to determine the best means of preventing the counterfeiting of silver coinage.

At the prevailing price of silver the difference between the billion and nominal value of our silver coins is about 100 per cent. and this constitutes a great temptation for the stamping of such coins by unscrupulous persons affording them an opportunity to place in circulation counterfeit silver coins at about 100 per cent. profit, as good as those stamped by the mints and which cannot be distinguished from them, even by experts.

Next Year's Pension Appropriation May Exceed $140,000,000.

Washington, Dec. 4. The appropriation for pensions for the next fiscal year will not be less than a hundred and forty million dollars and it may exceed that sum. The sub committee of the House appropriation committee, now drafting the measure, find that the most rigid economy will not enable them to reduce the amount necessary for the maintenance of the pension office beyond the sum of fifty thousand dollars in the appropriation for fees for examining surgeons. This saving will not result from reducing the fees, but because a surplus to that extent will remain unexpended from this year's appropriations.

The committee had from information given them by the pension office chiefs that applications for pensions under the general law which have been laid aside for several years in favor of cases arising under the law of 1890, will come up for adjudication during the next fiscal year and the effect will be to overrun the $140,000,000 to be appropriated by several million dollars. This is due to the circumstance that pensions under the law of 1890 are payable only from the date of application while pensions under the general law carry in many cases heavy arrears which largely increase the average. A bill will be reported to the full committee to-day or Monday and be placed on the House calendar with the executive, judicial and legislative bill next week.

EXECUTION FOR $2,000,000.

Attempt to Collect From Cashier Who has Come Into Fortune.

Trenton, N. J., Dec. 4. An execution was issued out of the federal court for $2,362,574 against Oscar L. Baldwin of Newark. Judgment for the amount was secured against him in 1886 by Frederick Frelinghuysen, receiver of the defunct Mechanics' National Bank of Newark, but never collected.

Baldwin was cashier of the bank and caused its failure by loaning all its funds to persons who failed to return them. He was sent to State prison and were sued for $3,000,000.

Now it is said he is coming, or has already come, into a huge fortune left him by an English relative, an effort will be made to satisfy judgment.

POLO.

Augusta Defeated Bath.

Augusta, Me., Dec. 4. The polo game tonight resulted: Augusta, 15; Bath, 5.

BUSINESS TROUBLES.

Heavy Executions Against an Allegheny Firm.

Pittsburg, Pa., Dec. 4. Executions amounting to $20,000 were issued today against Pierce, Stephenson & Co., furniture dealers, 18 Isabella street, Allegheny. Mr. Pierce declines to give out a statement relating to firm's business.

WHEAT MARKET.

The Opening at New York Quiet and Weak.

New York, Dec. 4. The wheat market opened quiet, ⅞ to 1c lower, and weak.

The Chicago Market.

Chicago, Dec. 4. Wheat dropped a part of yesterday's enhancement over night, the opening this morning being from ½ to 1c lower. During the first half hour prices broke through the prices the officers being far greater than the demand. May wheat opened from 83¾ to 82¾, and declined to 82 at 10 o'clock, holding up to 82⅝, 1½ to 1⅞c lower than yesterday.

DIED FROM INJURIES.

Received in a Dynamite Explosion.

Lewiston, Dec. 4. Richard Lisle, who was injured in a dynamite explosion at Jay Bridge Wednesday died at the Central Maine General Hospital today. He was 55 years old and had lived in Northboro, Mass.

MORTUARY.

Death of a Prominent Presbyterian.

Pittsburg, Pa., Dec. 4. Thos. Jameson died today at his home in Allegheny. He was president of the Monongahela National Bank in Pittsburg and for a long time was treasurer of the United Presbyterian church in North America.

ALLEGED LIBEL.

A Suit Begun Against a Judge and Newspaper Man.

Whitman, Mass., Dec. 4. Action for $20,000 was instituted by John M. Kay, of Rockland, a lawyer who has an office in Boston, against Judge G. W. Kelly, of the second district court at Abington, and W. C. Gurney, a newspaper reporter, for alleged libel, and their property has been attached.

Mr. McKay was arrested in Boston Saturday charged with uttering a forgery. A mortgage was filed with the International Trust Co., of Boston, by McKay, as collateral for a loan, and it was alleged that the name of the registrar of deeds was forged. The case will be heard at Plymouth in January.

RAILROAD NEWS.

Changes in Officials on a B. & M. Division.

Nashua, N. H., Dec. 4. John T. Foley, assistant train despatcher on the Worcester, Nashua & Portland division of the Boston & Maine railroad, has been appointed chief despatcher to succeed George E. Lee, who has been promoted to superintendent in place of Frank Barr, now assistant general manager.

Benjamin Thomas, an employe in the despatcher's office for two years past, has been made a despatcher.

Has Not Resigned.

Boston, Dec. 4. Railroad Commissioner Bishop to-day denied that he had resigned and disclaimed such an intention.

MOOSEHEAD CLOSING.

Coves Frozen Over and the Surface Rapidly Congealing.

Foxcroft, Me., Dec. 4. The coves in Moosehead lake are frozen over and the lake is rapidly freezing. Navigation has been suspended till spring.

PORTLAND BOY CHOSEN

As Marshal of Williams Senior Class.

Williamstown, Mass., Dec. 4. The Williams seniors held the election of class day officials this afternoon. Robinson Brown, of Portland, Me., was chosen marshal.

ALGER AND ALLISON

Urged Upon Maj. McKinley as Cabinet Members.

The President-elect Kept Busy Friday Receiving Numerous Guests.

Delegations Call to Consult About Candidates for Office.

Canton, O., Dec. 4. The President-elect was kept busy from 10 in the morning till nearly ten at night receiving visitors.

Some of the foremost men of Michigan visited Major McKinley this afternoon to ask him to consider the name of Gen. R. A. Alger when he formed his cabinet.

Gen. Alger's friends suggested him for the position of secretary of war. Major McKinley made no promises.

Congressman Hull, of Iowa, called this evening. Hull is chairman of the committee on library affairs, and had a talk in private with Major McKinley.

Lafayette Young and George M. Reynolds, a Des Moines banker, accompanied Congressman Hull. They united in saying that Iowa would be glad to have Senator Allison remain in the Senate but if he were called to the cabinet the people of the state would want him to consider the invitation very seriously.

Charles G. Dawes, of Chicago, spent the afternoon and evening at the McKinley residence. He said the only knowledge of the rumors announcing his forthcoming appointment as private secretary he had gathered from newspapers.

BOOMING PENROSE.

Gov. Hastings Will Assist in the Work.

Harrisburg, Pa., Dec. 4. Senator Quay called on Gov. Hastings today and had a long talk about the contest for United States Senator. It can be stated upon the highest authority that Gov. Hastings has agreed to help Senator Quay to elect State Senator Penrose to the United States Senate to succeed J. Donald Cameron.

Absolutely Pure

ROYAL BAKING POWDER

The Careful Housewife will use no other.

Visitors to Veazie Power Station.

Most of the electrical machinery in our station is run at high voltage, and we feel that our duty to the visiting public demands that we exercise greater caution than heretofore. Most people know that it is unsafe to touch electric machines and appliances, yet every from holidays or carelessness, as conduct themselves that they cause anxiety to those on duty, or they do not their greatest. Ordinarily it is not safe for visitors to give visitors that attention which we would like to have them receive. In the interest of safety, therefore, we feel obliged to limit our invitations to the public to two afternoons in each week, Monday and Thursday, from 2 o'clock till 5, at which time we will have in the station an electrical duty, if we shall be to take charge of visitors and conduct them about the station, showing them the various machines and explaining their use.

Even under these conditions, while we do all we can to promote safety, we do not guarantee it, and will not be responsible for any accident whatever. Visitors are to assume their own risk.

Still further, in order to limit the privilege to suitable persons, and to know before hand how many will desire attention, passes will be issued on and after Monday, December 7, 1896, only upon application, and without a pass no person will be admitted after the date. Young "fellows" cannot be permitted to enter the station.

PAINE'S CELERY COMPOUND.

The Best Remedy in the World—It Makes People Well.

There is one truth which is for diseases arising from impure blood and a debilitated nervous system, and that is Paine's Celery Compound. So generally prescribed by physicians. It is probably the most remarkable remedy that the scientific research of this country has produced. Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college, first prescribed what is now known the world over as Paine's celery compound, a positive cure for dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, all nervous diseases and kidney troubles. For the latter Paine's celery compound has succeeded again and again where everything else has failed.

Not Too Early to buy Christmas presents. It's the very best time. The choicest things go first. The stores are less crowded. We're all ready to show you our fine display of China, Glass and Lamps from the best factories in the world. If you find what you want we'll take it on hold for you now—then you'll be sure of it. We'll keep it till you want it and deliver at any hour on any date you name.

P. H. VOSE & CO., 50 MAIN STREET. "Walk in and look around."

Notice of Second Meeting of Creditors in Insolvency.

To all persons interested in the matter of the SHAW & MOSES LUMBER COMPANY, a Corporation established by and existing under the laws of the State of Maine, located and doing business in the place of business in the City of Bangor, in the County of Penobscot and State of Maine, insolvent for corporation.

You are Hereby Notified, That with the approval of the Judge of the Court of Insolvency for said County of Penobscot, the second meeting of creditors of said insolvent is appointed to be held at the Probate Court Room in Bangor in said County of Penobscot, on Monday, the twenty-first day of December, A. D. 1896, at ten o'clock in the forenoon. You will govern yourselves accordingly.

Given under my hand and the seal of Court at Bangor, on this fourth day of December, A. D. 1896.

AMOS M. HARDY, Register of the Court of Insolvency for said County of Penobscot.

Financial Forecasts

made by competent men, forecast a period of prosperity. Municipal Bonds are the first to respond to the turning wave of confidence.

Whig and Courier

BY BOUTELLE BROTHERS.

All business letters should be addressed to Boutelle Brothers, and communications intended for publication should be addressed, "Editor of Whig and Courier."

SATURDAY, DEC. 5, 1896.

Members of the Kansas Legislature propose to prohibit the game of foot ball in that State. This is a mistake. It ought to be encouraged as a means of reducing the crop of cranks.

It is now said that President Cleveland's farewell message will contain some seventeen thousand words or between twelve and thirteen column of THE WHIG. It would seem that he ought to be able to "condense" everything he has to say in that space.

Secretary Carlisle's report will not be ready for some time after Congress meets. Presumably he is trying to prepare a statement explaining the non-appearance of that "comfortable surplus" predicted as a result of the operations of the present tariff law. To do this and at the same time refrain from conceding the failure of the law will be quite a work of art and necessarily requires delibration.

Senseless Opposition.

Senator Cannon, of Utah, seems determined to burn all his bridges and declares that he will never vote for a Republican tariff measure without a free silver rider. It is barely possible that he may reach a different conclusion in the course of time. The people of Utah, while in favor of free coinage, also recognize the importance of a protective tariff that will enable them to develop the natural resources of the State, and the senseless policy Senator Cannon has mapped out for himself is not likely to prove altogether attractive. Indeed it is already announced that there is considerable dissatisfaction expressed at his attitude.

In this connection it is interesting to note a growing disposition on the part of the free silver people to discourage just such foolishness as is proposed by the Senator from Utah. The Denver (Col.) Republican is one of the most radical free silver papers in the country and for a time immediately following the election was very bitter in its comments, but it has since assumed a more moderate tone. It still insists that there can be no real prosperity until the mints are opened to the free coinage of silver, but admits that as a majority of American voters took a different view of the subject it is right and proper for all to acquiesce until a rehearing of the case before the same tribunal can be had. Touching upon the idea of obstruction it says: "If the free coinage forces in Congress should prevent tariff legislation by a resort to obstructive tactics, they would be universally condemned in the older sections of the country as public enemies, who prevented the restoration of prosperity in a spirit of vengeance because they had been defeated at the polls in the late Presidential election, and the prejudice thus aroused might in itself be sufficient to defeat the free coinage movement in 1900."

There is a degree of moderation in this statement that Senator Cannon might profitably cultivate as soon as he realizes that he is making himself absurd in assuming a position which the Republican declares can only prove harmful to the very cause he pretends to have so much at heart.

Inauguration Ceremonies.

A Washington despatch says: "Nothing will be done looking toward arranging for the Inauguration Day ceremonies and Inauguration Ball until next month, when the preliminary meeting will be held by a committee to be appointed for the purpose by Chairman Hanna of the National Republican Committee. The same plan will be followed as at previous inaugurations. Chairman Hanna has not given any great amount of attention to the matter so far, but it is understood that the resident member of the National Committee will practically have all preliminary details in hand until the Citizens' Committee is appointed and takes charge of the matter. The work of preparing for the inauguration ceremonies is always performed by a committee of citizens, who are selected regardless of political associations, although, of course, that party which has a President to inaugurate predominates.

So far as known, the same lines as at previous inaugurations will be followed, the closing feature of the day—the Inauguration Ball—being held, as were those for Presidents Harrison and Cleveland, in the court of the Pension Office building, which is eminently suited for the purpose, having a capacity for holding over 10,000 persons. Before anything can be done in the matter of the ball, however, Congress has to pass the necessary act allowing the use of the building. Later on Congress will also be asked to pass a resolution authorizing the clerks of the Pension Office to have leave of absence for the two days before the ball and one or two days thereafter. It takes several days to put the building in shape, and an equally long time to remove the decorations and put back the furniture. All the expenses of the ball are paid out of the fund which is raised by citizens. The receipts of the ball more than pay its expenses. What is left over is given to orphan asylums or other charities. At the last four inauguration balls tickets sold for $5, which, however, did not pay for the supper or refreshments. These were supplied at a fixed price.

It is a little early yet to make any safe calculations about the weather for Inauguration, and the Weather Bureau people avoid saying anything about it so far in advance. Previous experiences, however, are all against fair weather. A man who takes great interest in such matters has recently had the facts looked up and by having a search made of the local papers for the last sixty-four years has found that bad weather has prevailed on March 3 and 4 for nearly fifty times. The chances, therefore, are strongly in favor of inclement weather. Probably the worst day ever experienced in this city was the day President Grant was inaugurated the second time. Garfield's Inauguration day was a terrible day, at least the early part of it, rain, snow and slush being greatly in evidence. So was President Harrison's inauguration day and Cleveland's second, although his first inauguration day was delightfully pleasant. One of Lincoln's inauguration days was pleasant, while the other was bad. The weather on Buchanan's inauguration was perfect.

The exceptions in favor of good weather on March 4 are few. There has been a bill urged in Congress for the last twelve years providing that inauguration shall be changed from March 4 to April 20, for the reason that the weather is generally more settled by the end of April, and pleasant weather has always been the exception instead of the exception. ... LADIES' ...
JACKETS, COATS AND CAPES
DOWN TO EVERY COST.
FEBRUARY AND MARCH PRICES IN DECEMBER.
The balance of our entire regular stock and our recent GREAT PURCHASE of 600 garments to be
OFFERED AT PRICES THAT SIMPLY DEFY COMPETITION!
Sale will begin at 8 o'clock Saturday Morning, Dec. 5
AND CONTINUE ALL NEXT WEEK.
WE RESERVE THE RIGHT TO WITHDRAW prices marked on Garments during this sale after Saturday, Dec. 12.
TERMS GOVERNING THIS SALE ARE AS FOLLOWS:
ONE PRICE. NO GOODS CHARGED. It's a SPOT CASH, not a CREDIT opportunity.
Garments may be selected and will be kept for customers until balance can be paid, by making a payment of $1.00 to $2.00 down.
Garments sent to all parts of the State for inspection, with privilege of examination before paying. We pay return charges on all garments sent this way.

CARD OF EXPLANATION.
WE NEVER handle CONSIGNED Garments. THEY COST TOO MUCH. No manufacturer will consign goods on memorandum, and consequently be obliged to TAKE BACK what is not sold at anywhere near what he will sell them for SPOT CASH. We watch our opportunity and buy for Spot Cash.
WE NEVER allow any concern in the business to UNDERSELL US.
No matter what prices they make or advertise, ours will always be found to be less. Always bear that fact in mind. OUR REASONS for this GREAT SLAUGHTER (no other word) so exactly states the fact, are several and can be quickly summed up in a few words: We have carried an enormous stock of Garments ever since the season opened. We have done a PHENOMENAL business. We have continually received during the season package after package and case after case of new Garments every few days in order to keep our stock up to its full complement. A fact fully appreciated by our patrons has been the MAGNIFICENT ASSORTMENT and VARIETY OF STYLES which we have been enabled to offer for their selection, CONSEQUENTLY, in spite of our large sales, we still have an immense stock to select from. The only point in which our stock is weak is in the fact that we practically, with the exception of a few plain Beaver Jackets and Capes, have no cheap or low grade garments left. The bulk of our stock this season, in fact, has been of an EXCEPTIONALLY HIGH GRADE OF EXCELLENCE, a fact which many of our patrons have commented upon. WE HAVE LEFT, between five and six hundred Jackets and Capes, many of them bought of the manufacturer at a frightful loss, which we propose to offer at prices that would seem almost incredible, when the quality of the goods are taken into consideration.
WE PROPOSE TO PRACTICALLY CLOSE OUT THIS ENTIRE STOCK during SATURDAY and NEXT WEEK. PRICES WILL BE SUCH as to accomplish that SEEMINGLY IMPOSSIBLE FEAT.
FRIDAY EVENING we went through our entire stock and marked the price plainly in red figures. There will be positively but one price to all and no deviation from these prices.
A LAST WORD.
REMEMBER we offer you a superb assortment, the very PICK and FLOWER of the season, at LESS PRICES than usually obtained in February and even March, when you are obliged to make your selections from odds and ends, also enabling you to get the benefit and wear of your garment the present season and a full variety to select from.
ALSO REMEMBER that we NEVER ADVERTISE FAKE SALES. When we ADVERTISE BARGAINS we "DELIVER THE GOODS."
"To hold as well as win success; keep all your advertised promises."

FIFTY-FIFTH CONGRESS.

Political Classification of the Members-Elect.

Washington, Dec. 4.—The political classification of the members-elect of the 55th congress made by Clerk McDowell on the unofficial list which he has just issued, probably shows a greater variety of political organizations than ever before found representation in that body. Of straight Republicans there are 204; straight Democrats, 134. The members designated by other titles are as follows: Populists: M. W. Howard, 7th Alabama; G. A. Barlow, 6th California; G. H. Castle, 7th California; John C. Bell, 2nd Colorado; E. N. Ridgely, 3rd Kansas; Jerry Simpson, 7th Kansas; Harry Skinner, 1st North Carolina; W. F. Strowd, 4th North Carolina; C. H. Martin, 3d North Carolina; Freeman Knowles, South Dakota; at large, 12.

Fusionists: Thomas M. Jett, 18th Illinois; John Baker, 21st Illinois; Ira M. Robinson, 12th Indiana; Jeremiah Botkin, Kansas, at large; Albert H. Todd, 3rd Michigan; Samuel Maxwell, 3rd Nebraska; W. A. Stark, 4th Nebraska; J. H. Sutherland, 5th Nebraska; W. L. Greene, 6th Nebraska; J. H. Brenner, 3rd Ohio; G. A. Marshall, 4th Ohio; David Meekison, 6th Ohio; J. A. McDowell, 17th Ohio; J. H. Lewis, at large; W. Jones, Washington, at large.

Silverites: John F. Shafroth, 1st Colorado; Charles S. Hartman, Montana; Frank G. Newlands, Nevada—3.

NO ACTION REACHED

At Meeting to Form Rules to Govern Shipments of Grain.

Chicago, Dec. 4.—No definite action was reached by the joint meeting of the boards of administration of the western freight and the southwestern traffic association and the traffic managers of the trans-Missouri lines on the proposition to adopt uniform rules and regulations to govern transit shipments of grain from Missouri points. There is a chance that the matter will be referred shortly back to the joint committee of the transit privilege of southwestern points.

The board of equal distribution of the southwestern traffic association is working out a plan for regulation of receipt of grain at Kansas City or mill destination.

Chairman Midgley has made a ruling that under the new pass circulars for 1897 passes cannot be issued to employees of private car lines by rail parties to the agreement.

COMMITTEE APPOINTED

To Draft Resolutions to Present to Mr. McKinley.

Grand Rapids, Mich., Dec. 4.—The state horticultural society has appointed a committee of three to draft a memorial to President-elect McKinley, asking him to consider the wants of the horticulturists and appointed a man to be secretary of agriculture who will give as much attention to horticulture as to other branches of agriculture.

This committee will confer with the executives of other states at the meeting of large fruit growers in the matter.

At the meeting of the society members protested against the appointment of M. H. DeYoung, of California, who has been mentioned for secretary of agriculture, charging that he is a cheap politician.

AIDING THE BLIND TO SEE.

Statement from Dr. Roberts Regarding X-Rays.

St. Louis, Mo., Dec. 4.—Dr. Heber Roberts of this city, whose experiments with the X-rays have attracted considerable attention, has recently received permission from the board of health to use the City Hospital for the benefit of the blind. Results thus far of these experiments called forth increased criticism from Nicola Tesla, which will shortly appear in the Electrical Review. This criticism was shown to Dr. Roberts yesterday, to which he replied:

"Prof. Tesla is wrong in saying that I have promised sight to the totally blind. I claim, however, that progress has been made. Interviews have already been printed with me in which I did claim the possibility of making practical use of the X-ray in the totally blind. With our present knowledge we know of no material that will reflect the X-ray. The ray must be focused upon the optic nerve if we are to get a conception of form, but this is not necessary to get the impression of the X-ray and the changing of objects created by passing opacities.

"I cannot state at this time what if any benefit results may be obtained from the use of the X-ray with the moneas and hemorrhagic blind. Long and persistent use alone can tell. All that has been done so far is merely experimental work. If no advance is made from now on it has been so far developed will be utterly worthless from a practical standpoint. We must simply keep on experimenting in the hope that future discoveries may utilize and make it of practical value."

GOLD DEMOCRATS.

The Organization to be Continued in Michigan.

Grand Rapids, Mich., Dec. 4.—The state central committee of the gold Democratic party yesterday decided to continue the organization and to spread it into every township in the state. There was some talk as to the question of trying to bring about a reconciliation with the silver Democrats, but the general sentiment was emphatically against it. The gold Democrats will force the question of municipal and county elections to the Democrats in each, leaving the determination of regulars. Letters were read from National Chairman Hynes, George Fisher Foster of New York, and others.

A NATIVE OF MAINE.

Death of a Successful Shipmaster at Brooklyn.

New York, Dec. 4.—Capt. J. W. Simmons, a native of Maine and a resident of Brooklyn since 1876, died yesterday at the age of 53 at his residence, 401 Jefferson avenue. He was a successful shipmaster and had been engaged in the China, Japan and Cuba trade. He leaves a wife and [illegible].

HALE NOTE CASES.

Testimony All In—The Cases to Go to Law Court.

Foxcroft, Dec. 4.—At the resumption of the hearing in the case of Hale vs. Foxcroft, Selectman Oakes was put on the stand and testified that he had searched among the town records and found that the bond was signed in 1881 and each year till his death. When asked if he had ever seen the little book Jenkins kept he said he denied having ever seen it and remembered little of it.

This little book the defendants tried to keep out on the ground that it is Mr. Parsons' memorandum. Attorney Parsons was put on the stand and testified that he had searched the town records and testified substantially as to the statements in the book.

Much evidence was put in on both sides over the legal and judicial decisions that the bond was good.

The next case was Alice Hale vs. Dover, to the full amount of the note, Foxcroft, to recover. Short, brief testimony was taken, the plaintiff claiming to be bona fide holder of the note for value before maturity, and the defendants claiming that Jenkins took possession of it after it was overdue and fraudulently put it into her hands.

All the notes in question were of the same character. Next was Henry A. Hale vs. Dover, to recover the amount of a note given by Jenkins to the plaintiff, the defendants claiming that the note was given for a gambling debt. Jenkins seeks to recover the money he first took possession of it after it was overdue and fraudulently put it into her hands.

All the evidence in the cases was put in on Friday, and the cases were argued then and closed, the other cases will come before the law court in November, given then. More [illegible] at the February term of the law court. The prevailing impression in town is that the case will be decided in favor of the plaintiffs.

The managers of the national and decisive action in the case of the Anglo-California bank to recover payment of the checks for which they claim to have forbidden the payment of, issue in the case.

When the decision and the judgment of the [illegible] are made known, Mr. Gwin, manager for the managers of the National Anglo-California bank, will go back to San Francisco to be ready for the trial of the issue in the case.

FOLLOWED BY DEATH.

People Who Would Welcome an End of Sufferings.

It's Your Duty to Restore Your Wasted Energies—Dr. Greene's Nervura the Secret of Health and Long Life.

"All run down!" What a common phrase this is! And about equally used by both sexes. A weak condition of the nerves and poor blood are the causes that lead to this effect. The entire system needs renovation, and only a thoroughly effective blood and nerve restorative can do it. The greatest, the most potent blood purifier and nerve strengthener is Dr. Greene's Nervura, which is absolutely magical in its operation and infallible in its curative potency. Do not trifle with worthless things. Take nothing that will positively cure you, that will not fail—take Dr. Greene's Nervura which is the greatest blood and nerve remedy of the age.

In using Dr. Greene's Nervura you are taking the discovery of Dr. Greene, of 34 Temple Place, Boston, Mass., the most successful specialist in curing nervous and chronic diseases, and the medicine is therefore perfectly adapted to cure just these complaints. Dr. Greene can also be consulted free in regard to any case, personally or by letter.

State of Maine.

Penobscot, ss. Clerk's Office, Supreme Judicial Court, Bangor, December 1st, 1896.

Julia J. Hunt, of Brewer, in the County of Penobscot and State, has this day filed her complaint in libel for divorce against her husband, Charles H. Hunt, libellee, which is entered in the Clerk's office of said Court, to be holden at Bangor, within and for the County and State aforesaid, on the first Tuesday of January, A. D. 1897.

CHAS. P. SWEET, Clerk.

BREWER LOCALS.

Mr. Charles Folsom is seriously ill at his home on Eastern avenue.

Mrs. W. W. Perkins has gone to Enfield, called there by the illness of her mother.

Mrs. W. F. Abbott went to Danforth yesterday and was to start a dancing class there last evening.

Miss Addie Miller, of Greenfield, who has been visiting in the city, has gone to Lagrange, where she will teach school.

Mr. John Welsh, who has been in the West for some time, is visiting at his former home in this city. He is now located in Lynn, Mass.

Capt. Henry Blanchard and his daughter, Miss Eliza Blanchard, of Waterville, are in the city this week visiting with Mr. George W. Blanchard on Main street.

Street Commissioner Harlow, who received instructions Thursday night to place two new pumps in Holyoke and Penobscot squares purchased the same Friday and was setting them up.

Owing to the ice in the river the Bon Ton was unable to run yesterday forenoon but about noon Capt. Leach worked his way across the river and made regular trips the rest of the day.

Very many Brewer people have attended the fair now being held at Bangor City Hall in aid of the hospital and found it most interesting. The doll booth is in charge of a committee of Brewer ladies and is one of the most attractive in the hall.

Mr. and Mrs. Chas. Folson will have the sympathy of their friends in the death of their infant child which occurred Wednesday. The funeral was held Friday at 12 o'clock from the family residence on Eastern avenue. Rev. J. T. Crosby, of the Methodist church, officiated.

The steamer Castine which was built in this city some years since and was owned by the Bangor and Bar Harbor Steamboat Co., has been sold to Coombs Bros. of Islesboro, who will run her on the Belfast and Castine route where she has been running for some time. During the past season the Castine has been chartered to parties who have run her on this route.

Sunday Services.

First Congregational church, Rev. B. B. Merrill, pastor. Sermon at 10.30 a.m.; Sunday School at 11.45 a.m.; Junior Endeavor meeting at 3 p.m.; missionary concert at 7 p.m.; Y. P. S. C. E. consecration meeting at 8. All cordially invited.

First M. E. church, Rev. J. T. Crosby, pastor. Sermon at 10.30 a.m.; Sunday school at 11.45 a.m.; Junior Epworth League at 3 p.m.; Epworth League at 6.15 p.m.; evening praise and prayer service at 7. All cordially invited.

First Baptist church, corner of Main and Parker streets, Rev. W. E. Lombard, pastor. Seats free. Sermon at 10.30 a.m.; Sunday School at 11.45 a.m.; evening service at 7. All welcome.

The weekly meeting of the Pine Grove Christian Endeavor society will be held Sunday afternoon at 2.30 o'clock at Pine Grove Hall on the Pierce road.

A slice of mince pie made of the right mince meat is a lunch in itself—an epicure's lunch.

NONESUCH MINCE MEAT

is the right mince meat. Whole acres, fresh and delicious. For pies, fruit cake and fruit pudding delicious everywhere. Take no substitute.

Send name and address for booklet "Mrs. Peppier Thanksgiving," a humorous story.

WAITING BREWER BANKS.

Massachusetts Savings Bank People Not Satisfied with Returns.

Meeting Held to Take Steps to Secure Reduction of Capital.

Boston, Dec. 4.—An important meeting of Massachusetts savings bank people was held here yesterday to take active steps to secure a reduction in Boston national bank capital. The savings banks of Massachusetts hold stock to the amount of over $10,000,000 in Boston national banks, and they are at the head of a movement to secure better returns on their investment by means of reducing the bank capital of Boston in the hopes of getting larger dividend returns and increasing the price of Boston bank stocks.

At the meeting yesterday at which eighty savings bank people were present a committee was appointed and was authorized to take such steps as may seem best towards the consolidation, liquidation and reduction of the capital stock of such national banks in the city of Boston as after examination it may seem desirable.

This committee will confer with the directors of some of the Boston national banks and will report back to the savings banks as the result of their investigation. In the meantime the savings banks are asked to withhold giving proxies to the national banks for the annual meetings until the report of the committee is received.

This movement has been growing for some time, and definite action has now taken as it is felt that the banks will not be able to continue paying such dividends as the savings bank people feel they should earn. Any plan proposed will probably be in the nature of a consolidation of three or more small banks into one large bank.

FOREIGN NEWS.

All Harbor Workmen Called Out on Strike.

Hamburg, Dec. 4.—The strike committee has called out all of the Hamburg harbor workmen, irrespective of the character of their employment, in order to assist the strike of the dock laborers. The men called out include the engineers, foremen and others employed by the state and the city. The action of the committee was taken in response to an appeal from the strikers as the result of the meeting held yesterday.

The course of the committee was approved by a meeting of the workers held subsequently to the issue of the order calling the men out.

May Be a Strike at Antwerp.

Antwerp, Dec. 4.—The dock laborers at this port are refusing to unload vessels coming from Hamburg and a general strike of dockmen is imminent.

Must Farm or Starve.

Madrid, Dec. 4.—A despatch from Havana to the Imparcial says that the local newspapers there are urging the necessity for carrying on farming operations in the island, otherwise a disastrous famine is inevitable.

Plague Spreads to Europeans.

Bombay, Dec. 4.—The bubonic plague, which has been prevalent among the natives for some time, with fatal effect in a majority of cases, has now spread to the Europeans, several of whom have died from the disease.

WASHINGTON NEWS.

No Chance for Americans in Brazil.

Washington, Dec. 4.—Consul Mathews, stationed at Para, writes the department of state that there is little or no chance for Americans in Brazil who have no capital. There are more applicants than positions and salaries are small and living is most expensive. As to outdoor labor he advises Americans exposed to the burning sun and daily rains could hope to escape yellow fever and perhaps death. To deal in rubber requires large capital and American rubber gatherers would have but one chance in ten for life, for one second he notices the mortality is fifty per cent on some rivers.

OREGON IMPROVEMENT CO.

Waterbury Plan of Reorganization Endorsed.

New York, Dec. 4.—The Waterbury plan of the reorganization of the Oregon Improvement Co. has received the endorsement of a majority of the holders of all classes of the company's securities, and the reorganization certificates of the Manhattan Trust Co. were formally filed by the officials of the New York stock exchange today. President Waterbury of the Manhattan Trust Co., who is also chairman of the reorganization committee, said that the reorganization would be pushed to a finish as rapidly as possible. The new first mortgage bonds pay five per cent, instead of sixes at present. The existing seconds or consolidated fives will be assessed 12½ per cent and priced out of existence, holders receiving in exchange, new preferred and new common stock. The present consolidated stock pays 10 per cent assessment and receives in exchange, new preferred for assessment and fifty per cent in new common stock, for the present stock. The opposition of the Ralston committee has proven small and futile and about the only result of its efforts was to temporarily enhance the value of the issues in trying to get control of those securities.

MR. DINGLEY BETTER.

Able to Leave Canton for Washington.

Canton, O., Dec. 4.—Ex-Gov. Nelson Dingley of Maine, who remained over night at Maj. McKinley's house on account of the severe cold, is so much better that he left at 2 o'clock this afternoon for Washington. Before his departure Mr. Dingley remarked that as the complexion of the Senate had not changed it did not seem very probable that any revenue legislation could or would be enacted this winter.

The officers of the Eighth regiment, O. N. G., the organization which had been designated to act as personal escort to the President-elect on his journey from Canton to Washington, met here today to discuss the trip and make necessary arrangements respecting it.

GOING TO ROME.

Bishop Keane to Sail from New York Today.

Philadelphia, Dec. 4.—Bishop Keane, formerly rector of the Catholic University at Washington, who is on his way to Rome to take up the duties to which he has been assigned by the pope and who came here from Baltimore yesterday to visit the archbishop, left for New York to-night on the 12.35 p.m. train over the Pennsylvania railroad.

He will there visit Archbishop Corrigan and to-morrow at noon will sail for Havre. From Havre he will go to Paris where he will remain a few days and then go direct to Rome where he expects to arrive on the 10th or 20th of December.

TO WITNESS LAUNCHING.

Party of Newport People Enroute to Bath.

Newport, R. I., Dec. 4.—Newport's delegations, which will reach the city of Bath tomorrow, at the occasion of the double launching of the U. S. gun boats Newport and Vicksburg, left here this morning at 8.20 expecting to take a train at noon from Boston over the Boston & Maine road.

Many of the party will remain in Portland over night going thence to Bath early tomorrow morning. The party includes Mayor Boyle and Mrs. Boyle, Aldermen Barton and O'Neill, Councilmen Tupper, Moffitt, Halve, Vaughan, Maguire, Col. Norman of Gov. Lippitt's staff, Capt. J. P. Cotton, Deputy Sheriff Green, State Auditor Landers, Congressman Bull and about a dozen others including ladies.

A Boston party will be joined by several other Newporters, including Miss Francis Lafarge who is to christen the Newport and her brother, J. B. Lafarge. The party will arrive home Sunday afternoon.

SMALL POX.

One Case on Ward Line Steamer.

Providence, R. I., Dec. 4.—One of the [illegible] on board the Ward Line steamer Providence, which arrived last night from Havana, was removed to the quarantine station. The patient is a sailor and the [illegible]

THE WISCONSIN FLOODS.

Water in the Chippewa River Reaches Highest Point.

Property and Stock Destroyed at Durand.—Reports from Other Places.

Chippewa Falls, Wis., Dec. 4.—The water in the Chippewa river reached its highest point in the history of the present flood yesterday afternoon at 4, when it registered 23 feet, 3 inches. This figure has been exceeded only once in the history of the state, in the flood of 1880 the Chippewa registered for a short time the phenomenal height of 28 feet. The normal depth is five feet.

Anchor ice is still coming down the stream in immense quantities and the gorge is constantly rising. The Chippewa wagon bridge is now standing in a bed of ice and water, but as the pressure is equally great on both sides the structure will probably not go out until the gorge begins to move. All the railroad bridges are safe so far. There is not seen to be any probability of any loss of life in Chippewa Falls, no matter how high the water goes.

The people are fully warned and understand the possibilities of the situation. Unless the water should come with a rush, something highly improbable, the people will only have to suffer the inconvenience of financial loss. This will not exceed $100,000, if there should be no further advance of the flood.

Property and Stock Destroyed.

Durand, Wis., Dec. 4.—The ice is gorged at Round Hill, three miles below Durand and the Chippewa here is within four feet of the highest point reached in 1880, cellars in lower street are flooded, but the damage is slight. The gorge below Round Hill forced residents out and destroyed property and stock. No lives were lost. The river fell five inches yesterday and no further trouble is expected unless the dam at Chippewa Falls breaks. Great damage may ensue in this case.

Ice Gorge in the Wolf River.

Shawano, Wis., Dec. 4.—A dangerous ice gorge has formed at Wolf river at Keshena, eight miles above this city, on the Menominee reservation. All the tenants of the government grist and saw mills were forced to move out. Should the large burst and only all the mills here will be swept away.

Fox River Valley in Danger.

Oshkosh, Wis., Dec. 4.—Advices received at the United States Engineer's office here indicate that the Fox river valley is in some danger of inundation. The water in the Wisconsin river has risen eight feet in a few days and if it rises two feet higher it will break over into the Fox at Portage. If this occurs, here will be a repetition of the experience of 1880-01 when the business part of the city for one block on either side of the river was flooded.

The lumber industry is forced to suspend because mills and yards were flooded and many acres along the lake and river banks were covered with water for which the government paid thousands of dollars in overflow suits. The Fox river is now higher than it has been for years and a large addition to the volume would probably work damage to dams and government works and create havoc with water power property.

No Change in the Situation.

Portage, Wis., Dec. 4.—There is no change in the flood situation here. The dams all remain firm. A big jam in the Mississippi is now held by a row of piling and the Mississippi River Logging Co. is driving a cluster of piles to make it more secure. The water in Lake Pepin is still rising slowly. The only danger is from water being held above.

Damage Not So Large as Imagined.

Milwaukee, Wis., Dec. 4.—General Manager H. F. Whitcomb and General Supt. S. L. Collins of the Wisconsin Central lines have returned from the flooded district about Chippewa Falls. Mr. Collins who was seen relative to the general condition of affairs in the flooded city, said this morning:

"I don't believe the damage to property will be heavy. There has not been as much damage as was imagined, because the storekeepers knew the waters were coming and had time to take their stocks out of reach of the rising water. The sheds and lighter structures are swept away but the substantial buildings are not damaged much. The only thing that I know of that will put an end to the calamity is a good cold snap that will freeze the water in the river and keep it frozen for a while."

Mr. Whitcomb said: "While I think the damage will be considerable I do not regard the results as being so serious and terrible as they have been reported. As for the Wisconsin Central property in the town it has not been damaged in the least."

MR. TUCKER'S REMOVAL.

Statement from President Tuttle of the B. & M.

Boston, Dec. 4.—President Tuttle of the B. & M. road reiterates the assertion that the removal of Payson Tucker means nothing whatever in the direction of closer alliance of the Boston & Maine and Maine Central roads. No lease, consolidation, change of headquarters or further changes in officials is or has been under consideration.

"I do not care," he adds, "to discuss the causes for Mr. Tucker's removal but I can say that Mr. Tucker was treated in every particular with the utmost consideration, that there was no mention in the board room as was reported and that the retirement was not something that was demanded in the best interests of the road as a business measure and was not inspired by any prejudice on the part of anybody."

ELECTROCUTION POSTPONED.

Arthur Mayhew Can Live a Little Longer.

New York, Dec. 4.—The electrocution of Arthur Mayhew for the murder of Stephen Powell, the Hempstead, L. I., merchant and farmer, which was set down for to-morrow at Sing Sing, has been indefinitely postponed as the result of Judge Keogh's action in reserving his decision on a motion for a new trial for the condemned man until next week.

MORTUARY.

Albert Aronson, of New York.

New York, Dec. 4.—Albert Aronson, manager for the Bijou Theatre and brother of Rudolph Aronson, for a long time manager of the Casino, was taken suddenly ill immediately upon entering a cafe about ten o'clock last night and became unconscious. A physician was quickly summoned and under his efforts Mr. Aronson revived and was removed to a hospital, but again relapsed into unconsciousness and died.

PENSIONS GRANTED.

Additional to Residents of Maine.

Washington, Dec. 4.—The following pensions have been granted to residents of Maine:

Original, Jacob A. Bridges, Fort Fairfield; Edgar T. Record, South Paris; Michael Gallagher, Cogus. Additional, Martin Stuart. Increase, Orville H. Clark, West Bristol. Original, widows, Rebecca McAllister, Oxford.

COMMITTED SUICIDE.

By Throwing Himself in Front of Locomotive.

Portland, Me., Dec. 4.—James Lane, of Newburyport, aged 60, threw himself in front of a locomotive on Commercial street this morning. The wheels passed over his body and he died to death in a few minutes. He had been about town for several days, discouraged and melancholy. No other motive for the suicide is known. He recently received five dollars from his sister by letter.

Patrick Mullen Dead.

Patrick Mullen, who fell into the hold of the steamer Hibernian last night, died this morning.

WORK OF WHITE CAPS.

A Number of Outrages in Tennessee.

Memphis, Tenn., Dec. 4.—A number of outrages were committed by white capers on negroes on the Dunbar Lake plantation [illegible]

CITY AND VICINITY.

The farmer with frozen apples left him by the cold snap wishes he'd sold them at any price.

East Corinth is satisfied that all required to make that place the proper one for the millennium to make its first appearance on earth is an electric railroad. May they have it.—Kennebec Journal.

Some enterprising sardine packers of Eastport, being determined to make business, put up a lot of fine sardines in glass jars this fall and the experiment assures the adoption of this method to a much larger extent another season. If one way is closed some individuals will find another or make a new one.

Work on the breakwater at Bar Harbor has been finished for the year, the $10,000 appropriation made by the last Congress, having been expended. The breakwater which protects the shipping in the harbor runs from Bald Porcupine Island to within 1,000 feet of the cove opposite Point D'Acadie, the home of George W. Vanderbilt.

The two masted schooner Josie Hook, Bangor for Boston, with lumber, anchored off Cape Porpoise Thursday, with nearly her entire suit of sails gone. She was caught in a heavy blow Wednesday night, when the sails were blown into ribbons or carried away. The tug Vesta went from Boston to tow back the Hook.

Sorrento in a month will have one of the finest wharves in that part of the coast. Improvements now in progress show an extension of the wharf 40 feet into Frenchman's Bay and 10 feet to the eastward. When completed three or four steamers can be upthere with ease. A short distance away marble railways have been built.

S. Newton, of Jackman, who has charge of the lumbering operations of the Bradstreets on the west branch of the Penobscot, states that the firm will cut about 4,000,000 the present winter if everything moves favorable. They have about 140 men in their employ at their various camps, and their winter's cut will be hauled over the divide into Moosehead Lake, another spring.

A prominent grocryman of Belfast had a singular mishap recently. He went to the roof of his house to clean out a chimney, using a long pole and a swab made of burlap sacks. When the swab was down the chimney the pole broke just beyond his reach. Paying the chimney sugged with the burlap he took the chimney top out by sawing the pole into short pieces, working through a chimney hole.

Rev. George A. Andrews, who has for months been conducting a very successful revival at Newport, has just passed through a very dangerous sickness. Some weeks ago while Mr. Andrews was using a jackknife it slipped, piercing his left thumb. This member began to swell and in a few days showed symptoms of blood poisoning. The sufferer was then afflicted with temporary blindness and he was feared lockjaw had set in. After passing through great suffering his sight returned and now he is able to sit up although still in very feeble health.

Lewiston Journal: "The argument is around one but it is good," said a Lewiston business man, Monday. "I am referring to the duty of our citizens when they can do so, to buy their goods of the traders in their own community. We pay taxes here and here we expect to live and most of us expect to die here. Our rents are smaller than those in the large cities, and we can compete on nearly everything that is made or sold and we can see no valid reason for giving up the go-by on any goods that we handle. I have in mind, for instance, the room paper business. Every new house that is built in these cities is watched from the first and from the first the builders are drummed by agents from abroad, who profess to sell at lower prices and at a discount, the idea also being that the patterns are new and not to be obtained in the city. This is in some cases, at least, a mistake, for we have in one or two instances matched the patterns at a price of from five to ten cents a roll less. All we ask is—give the home dealers a chance to bid for the business."

Here is one of these chatty little bits that is probably applicable to Bangor, even if in less degree than to some places. "It would probably surprise you," said a well known barber yesterday, "how many people there are who get trusted for a shave, or in other words, indefinitely hang up the barber. There are not a few people in town who habitually visit the different shops, knowing that they haven't got a cent in their pocket, wait till the barber gets all through shaving, then suddenly find that they have left their wallet at home, or changed their clothes and left the change in the other pants pocket, or point blank proclaim they are busted financially and pathetically ask the barber to wait until the next time, that they never come back—at least not for a long time—until they think you have forgotten all about it. You see that man with the light derby getting on a car," said the barber, glancing out of the window, "well he was in this shop just two weeks ago Saturday and got a shave as free as the mountain air. You won't see him round this shop again for five or six weeks. In the meantime he's got the other shops. The most aggravating part of it is that in most cases the men are fully able at any and all times to pay, but seem to take fiendish delight in doing the barber, on the principle that shaving, like sin and light, ought to be boundlessly free."

LOMBARD INVESTMENT CO.

Suit Brought Against Eastern Stockholders.

Wichita, Kas., Dec. 4.—In the district court yesterday the Anglo-American Land, Mortgage and Agency Co., an English corporation which owns a great deal of Lombard securities, began suit against the Lombard Investment Co. of Kansas, for $300,000. The suit is the beginning of numerous suits against the eastern stockholders of the latter company and is attracting much attention because of the important issues involved. Eastern courts have held that the double liability which is imposed by the laws of this State upon corporations and stockholders applies with equal force to foreign corporations and stockholders outside of the State. Both sides to the contest charge fraud.

MUNICIPAL WAR

Broken Out Afresh in Louisville, Ky.

Louisville, Ky., Dec. 4.—Louisville's municipal war broke out afresh last night when the board of aldermen preferred impeachment charges against the board of public safety. A trial will be entered into as soon as legal requirements are complied with. The charges are many and cover about the same ground as the previous charges upon which the board was removed but reinstated by court orders, the matter being carried to the court of appeals. This action last night may cause fresh complications. The object of the impeachment is to get control of the patronage of the city departments. The board of safety is Democratic. The mayor is Republican, the aldermen are divided, seven A. P. A. Republicans, and five straight Republicans.

Dr. Henry Lapham, Deering, Maine, treated successfully by mail or personally for Nervous Diseases, Impotency, Lost Manhood, Insomnia, Lost Vitality, Impure Blood, Skin Diseases, Kidney Complaints, Rupture, Piles, Varicocele, Hydrocele, Stricture, Gleet, Syphilis, Gonorrhoea, Gleet, Stricture, Varicocele, Hydrocele, Piles, Rupture, Syphilis, Gonorrhoea, Impotency, Lost Vitality, Nervous Debility, Lost Manhood, Insomnia, Impure Blood, Skin Diseases, Kidney Complaints, Deafness, Catarrh, Rheumatism, Tapeworm, etc. Consultation free. Medicines sent everywhere. Office hours 9 to 5 daily, 7 to 8 evenings, 10 to 12 Sundays. Consultation free. Medicines sent everywhere. Office hours 9 to 5 daily, 7 to 8 evenings, 10 to 12 Sundays.

Why They Take Puritana.

WHY THEY GET WELL

The proof does it.

That is why people begin to take Puritana.

People find that their neighbors have tried it.

Their friends have tried it.

Men and women in every walk of life have tried it.

A man suffers.

Perhaps he has suffered for years.

He has tried many things.

They have all failed.

He reads a Puritana testimonial.

He reads another.

He sees new ones wherever he looks.

Some of the writers are in his own town.

Some in his own business.

Some he can see.

Some he can write to.

Some have been cured of his own ailment.

Some of other ailments.

All are grateful.

All are glad to tell suffering people how Puritana gave them relief.

They are approachable folks, and their voluntary testimonials count.

Some live in town.

Some in the country.

Some hold office.

Some vote.

But all are honest and sincere.

That is why any one can prove for himself the genuineness of Puritana cures.

Puritana patients get well.

This is a fact.

There are reasons for it.

Puritana is the discovery of Prof. Dixi Crosby.

He was the greatest New Hampshire physician of his day.

He was at the head of the Dartmouth Medical College for a generation.

He used common sense, and found that disease of health came to the body through the stomach.

He scientifically compounded a stomach medicine from the harmless products of nature.

This is Puritana.

It makes the stomach right.

That is why it makes the health right.

With a sound stomach no one can help being well.

That is why Puritana patients get well.

Druggists say that Puritana is a good medicine.

They also say it is well made.

The materials are the purest and best that money can buy.

Druggists say it is a good medicine.

Their customers buy it and are more than satisfied with its effects.

What the people say about Puritana you have read before, and you will read again.

Thousands of Puritana cures are becoming better known every day.

The patients are real people.

The cures are real cures.

They can be proven in court.

They can be proven by any medical society.

They have been proven before the tribunal of Public Opinion.

Exchange Street, Opposite Post Office, Bangor, Maine.

Death gladly bars the passage way through the door of happiness for thousands upon thousands of wistful women. The woman whose nerves are unstrung by pain and whose strength is sapped by debilitating drains due to weakness and disease of the generative organs peculiar to women, cannot be happy. She is not only shut out from happiness but death daily confronts her. Maternity to a woman thus afflicted is fraught with great danger. Even if she escapes with her life it is only to live a martyr to untold agony. This is needless. Thousands of women have found a sure and certain remedy and have spoken in unmistakable words of its almost miraculous action.

This remedy is Dr Pierce's Favorite Prescription. It acts directly upon the organs that make womanhood and motherhood possible. It gives them health and vigorous strength, stops weakening drains, allays inflammation and soothes pain. The nerves, no longer tortured, resume their natural function of directing the healthy action of all the organs of the body. Under its benign influence the weak, sickly, nervous, fretful invalid becomes a robust capable helpful amiable wife, the delight of her husband. All good druggists sell it.

Three years ago writes Mrs J N Mandell of 194 Vanderbilt Avenue New York N Y I was given up by some of the best physicians in Brooklyn. They said there was no cure for me unless I would go to a hospital and have a operation performed. I could not walk across the room for the pain in my side. I thought I would die. I took Dr Pierce's Favorite Prescription and after I had taken the six bottles I could walk a mile and I could write a year and a half after I married one child.

Dr Pierce's book The Common Sense Medical Adviser is a treasure in any family. It contains 1008 pages and 300 illustrations. A copy will be sent to every person who will send to the World's Dispensary Medical Association Buffalo N Y on receipt of stamps to pay the cost of mailing only. For cloth binding send 3 stamps.

LOCAL MATTERS.

Wm Sweeney of Cross street an employee of the gas company died suddenly last night. He was down town last evening.

The fortnightly meeting of the Associated Charities, which would have been held today, will be omitted on account of the Hospital fair.

The Firewood Relief Association will hold its annual concert and ball at City Hall New Year's eve and a very pleasant time is being arranged for.

The insolvency hearing of Shaw & Morse, which was begun in the Insolvency Court Thursday before Judge Burgess was continued yesterday.

The directors of the Maine Central railroad have declared a regular quarterly dividend of 1½ per cent payable January 15 to stock of record December 16th.

This evening the Public Works Company will run the cars on the minute schedule up to 12 o'clock. This is for the accommodation of those who attend the fair.

Otono Lodge No 100 K of P has invited Twin A Barker Division Uniformed Rank, K of P of Bangor to attend its annual concert and ball at Orono, on December 10. The invitation will probably be accepted by many members of the division.

Frank Barr, of Nashua, superintendent of the Worcester and Nashua division of the Boston & Maine railroad, has been appointed assistant general manager of the Boston & Maine system to succeed George E Evans, appointed manager of the Maine Central railroad.

The members of the Moody chorus choir will have the front seats reserved for them Sunday afternoon at the anniversary of the Y M C A in the First Parish church. They are expected to occupy them without further invitation. Singing will be from Nos 2 and 6 Gospel Hymns.

Only a small amount of game arrived on the train from over the Bangor & Aroostook railroad Friday. Mr W H Tolman of Bellevue Falls, Vt, had the saddle of a caribou and two deer from Mattawamkeag, his brother, A W Bragg had the saddle of a caribou and one deer from the same place.

The Postal Telegraph Cable Company announces that on and after its new connecting cable known as the United States and Halifax Telegraph Cable Company. In connection with the Postal causes a reduction in rates to points in the West Indies and South America from ten to twenty per cent.

The lecture upon the Navajos by Professor Robinson and Professor Hutchings of Bowdoin College at the Central church next Monday evening is not in the regular Central Club course but is a separate lecture under the auspices of the Ladies Club. Central Club tickets will not be good for this lecture.

The first calendar for 1897 which comes to Hit Wing is from Pearl & Jarrett the well known insurance agents real estate and investment security firm. It is a neat calendar and contains a reproduction of a photograph of the first Jones Bakery Lickerlips square on Easter morning 1893 which was insured with this firm.

Caribou Republican Vice President and General Manager Orum of the B & A was in Caribou Tuesday afternoon and Wednesday and started Thursday to visit Presque Isle and Houlton. He is listening to the complaints of shippers. Mr Crane is doing all within his power to secure a reduction in freight rates but thus far has been unable to get the Boston & Maine railroad to agree to it.

A war veteran by the name of Hobert Bisbee who claims to have served in the 16th Maine regiment was at the police station yesterday anxious to get to Augusta and gain admission to Togus Home. His native place he claims is the Yarmouth N S and he says he enlisted in Calais in 1862 and served the remainder of the war. He was one of the prisoners at Anderson ville.

The Woman's Exchange on Columbia street is a good place to be visited by the ladies of Bangor. It has a dainty supply of linens, handkerchiefs, dressing sacks and gowns, laces, worsted goods and in fact almost everything in the line of beautiful and useful holiday goods. By buying at this most worthy institution you will do a deed of charity and help other industrious women who are trying to help themselves.

The Workman's Benefit Association connected with the A O U W has elected the following officers for the coming year President Louis C Davis, vice president Frank M Clark, secretary Hartley L Hodge, chaplain William H Shepard, M D, guide Timothy J Lynch, inside sentinel Frank H Taylor, outside sentinel, Charles J Perry, alternate James L Mountain.

The reunion of old members of the Young Men's Christian Association gymnasium will occur on the evening of Thursday, December 10th at the gymnasium and it is expected that many will be in attendance. All who participate upon the floor in gymnasium costume for exercise will be served with a free supper. The occasion is sure to be a pleasant one to all who have ever been connected with the gymnasium.

The 16th anniversary exercises of the Bangor Young Men's Christian Association will be held tomorrow afternoon at 3 o clock in the First Parish church, Broadway. Mr B M Moore a large wholesale merchant of Boston, will deliver the address. Mr W A Nelson will sing a solo and Hallowell Quartette will play seven selections. The Moody chorus choir will also be present and assist in singing. Our citizens will be out in full force to show their appreciation of the good work done by this most worthy institution.

Superintendent I O Goth of the Oldtown hospital who is well known in Bangor, had a narrow escape from drowning while on a trip to Chamberlain lake on Friday last. While on a short distance of the shore he broke through and went into the water to his neck. The water was twenty feet deep and the ice he had cut through. Mr Gould was near the Stewart camp and he shouted for aid. Before assistance arrived he had broken his way to the shore and was safe. He went into the Stewart camp and the next day proceeded on his trip.

At the annual meeting of the Pine Grove Council, Knights of Columbus these officers were elected for the coming year Grand Knight, J P Frawley, Deputy Grand Knight, E C Connors, Chancellor T J Hurley, Warden Frank Cannon, Treasurer, J A Madden, Financial Secretary, F P Kelly, Recording Secretary, J H Rice, Advocate, Jas D Rice, Lecturer, Felix J Ryan; Inside Guard A A Meissner, Outside Guard, T O Leary, Physician, Dr D McCann, Chaplain, Rev Edward McSweeney. Trustee for three years, J P Finnigan. The new officers will be installed by District Deputy John F Crowley, on Dec 17.

Railroad Gazette "General Passenger Agent Boothby, of the Maine Central, knows the art of advertising and his flyers contain all the attractive features that one would find in the west, or anywhere else. By all we mean all that is in good taste. The method of setting forth the attractions is almost uniformly commendable. The Maine Central has evidently given the people of its territory all the different kinds of excursions that they could make use of, one-day, three-day, week, for the season, Saturday to Monday and so on. The writer of the advertisements seems to have used his own brains, which is necessary, to supplement those of the managers of the events to which he made reduced rates, that is, he advertised their attractions better than they themselves did it."

H A Mishon, one of the Bangor & Houlton railroad brakemen, and his brother Josiah, who is a conductor on the same road, have gone to Pueblo, Cal., to pass the winter. The trip is made for the benefit of the former's health.

Go to the exhibition of the hospital X ray machine Thursday, Friday and Saturday afternoons and evenings in visitor's room City Hall, even if you are not going to the Fair. Admission 10 cents.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

TAKEN DOWN WITH RHEUMATISM

"I was taken down with rheumatism and consulted a physician but obtained no relief. I procured a bottle of Hood's Sarsaparilla and I was surprised to see the improvement which this medicine brought about. After taking one bottle I was able to resume my work." P. E. Parrell, 143 Main St, Brewer, Me

Hood's Pills cure liver ills, jaundice, biliousness, indigestion, sick headache. 25c.

CONTINUED SUCCESS

At the Eastern Maine General Hospital Fair.

Extensive Sales at The Various Booths And Tables.

Thursday Evening's Programme Enjoyably Repeated Friday.

The Eastern Maine General Hospital fair, which began at City Hall Thursday, met with encouraging favor from the public on Friday and had increased success in the financial department.

During the afternoon the hall was visited by many who patronized from the tempting array of articles in the attractive booths. From 6 to 7 30 a delicious supper was served in the supper room. The banquet hall, to a large number, which found enough to satisfy the most epicurean appetite. Promptness in service and bountiful in supply is the rule at the supper room.

At 8 o clock the glee club began the evening's entertainment with a fine rendered selection "Jolly Hunters," by Weber and there followed a programme similar to that of Thursday evening consisting of the charming bicycle drill which is in such a pronounced impression on the previous evening, harmoniously played numbers by Pollard's orchestra and "She was but Seven" and "Sally in Our Alley" by the glee club. The orchestra played afterwards throughout the remainder of the time.

A large number of people was present during the evening. They first gave interested attention to the music and drill and then either wandered about among the booths purchasing, inspecting and admiring, or took seats in the gallery to view the animated scene upon the floor below. It was a very successful evening for the fair.

Generous Gift

The hospital corporation on Friday received a generous gift of $500 from Mrs Priscilla A Blake and other direct friends of the institution are very grateful for the gift. Mr Blake has substantially manifested an interest in Bangor institution many times.

The expenses of the hospital during the past year have been very large and the gift and the money which the ladies expect to realize from the fair will greatly aid the worthy institution.

Saturday's Fair Programme

The market dancing party for children this afternoon at the fair will doubtless be gazed at by many who love to see happy children at any time and especially when they will be attractive as at the party. Miss Mildred Varnum has arranged the charming party of masked domiboes and it will be well worth seeing.

The programme for Saturday evening will consist of a jolly comedy in one act will be presented. The scene is laid in the conservatory of Lord Chilton's country house during a ball and the characters are

Sir Herbert Merryn (aged 25) Mr Harry O Merrill
Tom Hepburn (aged 25) Mr Frank Y Stanton
Mrs Merryn (aged 35) Miss Frances Dixon

Popular sympathy is usually against the rich widow in her efforts to become a second husband but it remains to be seen how the audience will be affected in this case. At all event a Bangor audience will warmly welcome Miss Dixon who always a favorite and Miss Stanton who appears for the first time will find many friends to greet her. Mr Merrill has prepared but one character role in Home and not but his work in the same to strange at Harvard in the Pudding Club play for 1895.

As soon as the play is over the floor will be cleared for dancing and it is desired that all both old and young participate, making it a joyous and social close to the general festival fair. The floor manager will be Mr H. M. Frontis and the aids Mr J Mason Prince, Col F K Stetson, Mr L M Berry, Mr Henry C Stetson, Mr Jas E Dunning and Mr Hunter Harris.

Fair Notes

A New England supper will be served from 5 30 to 7 30 this evening.

A consignment of eastern rugs from Arnold & Constable of New York has been received and they will be on sale today at the hall.

The children who are to take part in the fancy party this afternoon are requested to assemble at 2 45 behind the stage in the corridor.

The name of Lilian Hall should have appeared in the list of the young ladies who took part in the bicycle drill, in place of Lisle Lyons, and Lilian Jewett instead of Jessie Jewett.

Mrs Mary B Hinman

In the death of Mrs Mary B Hinman, widow of the late Adelbert G Hinman a brief mention of whose death was made in Friday's issue the city loses one of its best beloved and choicest women. A large circle of friends meet with an irreparable loss. Quiet and unassuming and humble in her habits she was a woman of strong Christian character and one of God's noble women, endeared herself by ties which even death cannot sever. It cannot be said to all who were so fortunate as to come within the influence of her presence. Mrs Hinman who was born Mary B Colcord, daughter of Hon Henry Colcord, was born in Newfield, Maine, but in early years removed to Burlington. Her parents came to Bangor where she became acquainted with and later married Mr Adelbert G Hinman, who died a few years ago leaving behind him a name to be envied as one of Bangor's most able and honest business men. Mrs Hinman leaves one daughter, Miss Flora Hinman, to mourn her great loss. The funeral will occur from residence No 300 State street Monday afternoon at 3 30 o clock.

Sporting Notes

George Whitney was the pitcher of the Bangor team in the Maine of the New England league last season and now of the Philadelphia team. Pole has been a failure this season in Lewiston but it is believed that Mr Whitney will make the grade in success.

The New Bedford ball club has lost Mike Birmingham, Jake Weihl and Al Wolfinger, who have signed with the Norfolk club of the Southern league.

Our Own Folks and Other Folks

Mr C W Morrison, of Ellsworth, was in the city yesterday.

Mr R L Grindle, of Mt Desert was in the city yesterday.

Mr A H Nickerson of East Corinth was in the city yesterday on business.

Mrs W F Brann has gone to Boston to visit her daughter, Mrs G H Rich.

Mrs Charles P Allen of Pequot Isle, is visiting Mr and Mrs C H Sawyer on Forest avenue.

Hon S W Matthews State Labor Commissioner, was in the city yesterday at the Penobscot Exchange.

Mr and Mrs F A Lancaster and two daughters arrived in Bangor yesterday and will reside here in the future.

Mr and Mrs C B Donworth and H H Donworth, of Machias, were in the city yesterday at the Bangor House.

Congressman Boutelle and daughters start for Washington today. They will make their home this winter at the Richmond.

Edward Masterman, of Ripon, is visiting Mr F H Lougee, in this city. Mr Masterman is one of the well known guides at Moosehead lake.

Mr George F Evans, the new general manager of the Maine Central railroad has taken rooms at the Congress Square Hotel, landlord George W Stearns.

Miss Gertrude Isley of Bangor, Colby '96, who is an assistant at Higgins Classical Institute at Charleston, visited friends at the college in Waterville Thursday.

Miss M. I Christian has gone to Augusta to attend Mrs M W Thayer, who has been very ill at the August House. Mrs Thayer's friends in this city will be pleased to learn that she is much improved.

Mr Walter M. Snow, of Milo, a member of the Maine Board of Agriculture, was in the city yesterday on his way home from Skowhegan where he has been attending the State Dairy meetings of December 2nd and 3d.

For Clerks and Carriers.

The United States Civil Service Commission has ordered that an examination be held by its local board in this city today, commencing at 9 o'clock a m., for the grades of clerk and carrier in the postal service. Only citizens of the United States can be examined.

The age limitations for the examination are as follows: Clerks, 18 or over; carrier, over 21 and under 40.

The examinations are open to all respectable citizens of the United States who may desire to enter the service.

BIG BLAZE.

East Corinth Has a Conflagration on Friday.

The Principal Business Portion of the Town Burned.

Making a Loss of About Eight Thousand Dollars.

The town of East Corinth was visited by a conflagration yesterday which destroyed four business buildings leaving in ashes some of the principal section of the town with only a slight amount of insurance to cover the loss.

The loss is estimated at about $8,000 although it may be more but probably not much in excess of the sum. Most of the contents of the buildings were saved.

It was between 9 and 10 a m yesterday that fire was discovered in the paint shop of Charles Marrows. It began to catch in the supposed around the flue in the chimney of the building.

The paint shop is in the second story of the small building and below is the blacksmith shop of Luther Marrows. Smoke was seen to be coming from the roof in large volume and the fire burned very rapidly through the upper part of the building and then extending downward.

The strong wind that was blowing fanned the flames and set them going briskly. The citizens responded to the call of fire and began passing buckets of water up to the men who were fighting the fire on the roof while the fire extinguishers got out the town water supply to use. A call for assistance was given to Kenduskeag and Corinth stations to which responses were quickly made.

The work upon the Marrows building did not last long in extinguishing the fire and soon the flames spread to the brick block owned by W H Clark. Only until it was seen that the fire could not be confined to the Marrows building did work was begun removing the contents of the buildings in the vicinity and in this there was general success not much being left for the flames.

The Clark block was a wooden building three stories high were located the general store of C Hill, whose stock was removed and which was saved with Mr Hill's loss of Bangor and the post office on the first floor.

On the second floor Dr W O Severy had his office. His mother Mrs Rooms and Henry P Hinman Esq. attorney at law had an office. On the third story was the Grand Army Hall occupied by Lincoln Post and public hall for general uses. The block was reduced to ashes.

The next building to the north was a new and handsome block owned by Charles J Edmunds father of Dr C D Edmunds of Bangor. The store was built on the site of a burned building destroyed several years ago. It is that example. About a month ago it was occupied by Hewes, who had purchased the stock of Mr Marrows and moved into the new store. The upper portion was used by Dr Severy as an office. This building was also burned.

The dwelling now to be mentioned the two story building owned by Mrs J D and A A Cobbane as a dwelling and a small part of it was also burned. It was a large number of friends who lost by the fire frequently made visits with the owners and friends in this city.

The wedding occurred at the residence of her brother in law, Mr Fred B Cutler, formerly of Bangor, and the ceremony was performed by the Rev J W Suter in the presence of a large number of relatives and friends.

The bride who is the daughter of Mrs Lyman Frost, is a charming young lady, whose accomplishments, grace of manner and many personal attractions have endeared her to all who know her.

The groom is a well established young man with an excellent position and is highly respected. Many Bangor friends will unite in extending to the happy couple wishes for a life full of happiness and contentment.

Hon and Mrs John F Cutler, Mrs Cutler, Miss June Stevens and Miss Alice Walker, of Bangor, were present at the wedding.

Second Symphony Concert

All those who attended the first symphony concert were so well pleased that many inquiries have been made about the next, and some have wished that they might be given more frequently but with the limited time for practice this is impossible at present. There is a fine programme for Tuesday evening which offers a double variety and will Dr Wagg's and Mrs Nelson as soloists. It is a programme of which the community may well take to themselves a source of pride that it could be arranged and carried out in our city in the morning it will be judging from the first concert.

Now Advertisements

AMUSEMENTS

The Tornado

There are special features in the way of scenic and mechanical effects in Richard Carter's new production of the Tornado which will be given at the Opera House this evening such as the scene of the tornado, in the first act, the collision of two ocean liners in the second act, the half dozen sailors on the yardarm of a swaying mast furling a monster sail in a dizzy height above the deck of a ship in the very teeth of a furious gale, also a feature of the second act, the night scene of Chicago harbor, showing the famous Masonic temple the Auditorium, the Randolph street viaduct and Chicago's vast water front, in the third act, the dissecting room in the medical college in the fourth act and the beautiful autumn setting of the fifth act which go to make an elaborately staged production of melodrama.

Wilson's Kentucky Minstrels

These minstrels will be seen at the Opera House next Tuesday night. This is a band of genuine colored performers and they will offer a programme made up for the particular purpose of extracting all the fun possible from the evening devoted to them. To see and enjoy the eccentricities of the negro as he exists one should see the real black man. No one can imitate this South Carolina darkey. The Alpine quartette is one of the features of the olio in the bill and they will be heard in songs of the South both grave and gay. Comedians and dancers are among the leaders of black faces, displaying the company comes with the highest of commendations for the high class work they do.

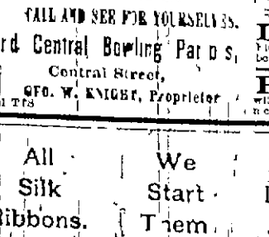
The readers of this paper will be pleased to learn that there is at least one dreaded disease that has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F J CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

The impurities in the blood which cause scrofulous eruptions are thoroughly eradicated by Hood's Sarsaparilla. Try it.

RHEUMATISM CURED IN A DAY.

"MESSIAH'S CRIPPLE" for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious, it removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by Caldwell Swan & Co, Moulton Bros & Co, Druggists, Bangor.



THREE CLASSES OF MEN

is the title of a neat illustrated volume I have just issued for men. It gives in plain language the effects following youthful indiscretions and later excesses as Seminal Weakness, Impotency, Drains and Losses, Varicocele, Atrophy or undevelopment and points out an easy and sure treatment and cure at home without Drugs or Medicines. It also explains the cause and cure of Rheumatism, Sciatica, Lumbago, Kidney Complaints, etc, without medicine. It is in fact a truthful resume of my thirty years wonderful success in the cure of these cases by Electric self treatment, and every young middle-aged or old man suffering the slightest weakness should read it and know just where he stands. It is sent free, sealed, by mail upon request. Address

DR. SANDEN, 104 Broadway, New York.

THE TEMPERATURE

Atmospheric Conditions as Shown by Methodical Observation.
